Toy and Food Distribution- December 17-19 at Kenosha County Job Center

Friendly reminder to all parents; with cold and flu season upon us please keep your little ones home if they show ANY symptoms of an illness until the symptoms diminish. Your child will be sent home if he/she shows any of the following symptoms:

- A temperature of 101 degrees F or higher
- Vomiting or diarrhea more than twice while present at the center
- A contagious disease such as chicken pox, strep throat or pink eye
- An unidentified rash
- Has a constant, thick colored nasal discharge

Friendly Reminders

- If your school ager is transported to BOSE or Harvey in the morning, please make sure your child arrives no later than **7:00am**
- When dropping off your child please make sure to acknowledge the teacher that is in the classroom or outside on the playground
- Parents with the EBT card please make sure you pay your FULL amount by the 5th of each month

Healthy Hand Washing:

If you have not done so already, now is a good time to help your child develop healthy hand washing habits.

Proper hand washing can prevent the spread of many communicable diseases

Water alone, however, won't kill germs. Soap is needed, too.

Drying the hands with a disposable paper towel will help stop the spread of germs.

Here are some appropriate occasions for your child to practice hand washing:

- When they come into the house after playing outdoors
- After using the toilet
- After petting an animal
- Before coming to the table for meal, before eating food or snacks

Good habits-learned early-can last a lifetime

So, help your child develop the good habit of washing their hands.

Please join us Thursday October 25th for our annual Halloween Party. Each classroom will be hosting a game and we will be serving juice, cookies, and plenty of candy! Don't forget your costumes.
