**Spring Conferences-**We will hold our spring conferences during the week of May 18<sup>th</sup>. While enrolled at Cornerstone, our teachers complete assessments. This helps teachers and parents understand their child's development. If any assistance may be needed, we can provide resources (ex. Birth to 3). We also use assessments to determine goals for the child during their time at Cornerstone. If you have any questions, please feel free to reach out.

**Summer Schedule-** if your child's schedule will be changing for the summer months, please fill out a new schedule form located on the front counter.

**ASQ Screenings-** Cornerstone is partnering with Help Me Grow Kenosha to provide ASQ questionnaires to provide a quick look at your child's development. The questionnaire will only take about 10-15 minutes. After you complete the questionnaire, a professional will share the results with you. If your child is developing without concerns, there is nothing more you will need to do. If your child has trouble with some skills, different resources will be recommended for you. Early detection is key to support your child's healthy development. The link below will take you to Cornerstone's page and take you to the appropriate questionnaire. If you have any questions, please feel free to reach out.
